

Lismore

A smooth finish, sharp lines and straight edges make this block stand out from the crowd. The popularity of the Lismore range lies in its versatility, working equally well in a domestic setting, regeneration project or in a contemporary urban or commercial environment.

Lismore Setts are available in a six size mix and are ideal for extending existing circles and creating borders around our complete range of paving blocks and flags. Used on their own, Lismore Setts create a wonderful cobbled effect.
