

# Newgrange

Our flagship Newgrange range offers an unrivalled and superior finish. Newgrange paving blocks (and paving flags on page 12) have a fine textured surface achieved through the process of shot-blasting. Offering superb skid resistance and durability, this range is ideal when creating eye-catching driveways, patios, meandering paths, streetscapes, townscapes and cityscapes.

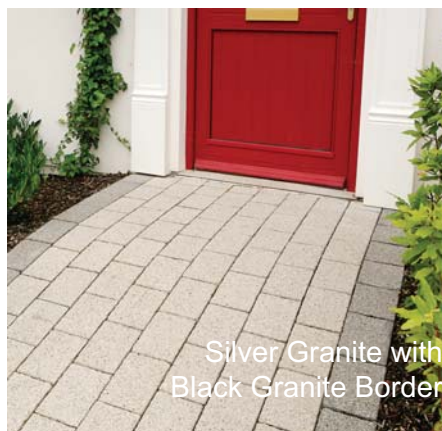

The Newgrange range includes Cobbles which can be used to create distinctive borders and patterns.
