

Newgrange

Our flagship Newgrange range offers an unrivalled and superior finish. Newgrange paving flags (and paving blocks on page 26) have a fine textured surface. This new and unique finish is achieved through the process of shot-blasting.

Offering superb skid resistance and durability, this range is ideal when creating eye-catching domestic landscapes, streetscapes, townscapes and cityscapes. Newgrange is destined to become a firm favourite with discerning consumers and landscape architects this season.
